Maths KS1 and KS2: Round the Clock

Using clocks and calendars

Children tell us what dates are in their calendars, and Sabrina makes herself a clock.

How long is a second?

Sabrina learns how to measure a second using one-elephant two-elephant.

How long is a minute?

Sabrina is entering a competition to rap the most words in one minute. But how long does a minute last?

How long is five minutes

The children make Tempo a clock birthday cake, and use the 5 fingers on their hands to count the intervals between the numbers.

A song about time

Sabrina and Tempo perform a lively song to recap what's already been learnt about days, calendars and the hands of the clock.

How long is quarter of an hour?

Sabrina needs to make a 15 minute long video of Tempo for a talent show, we learn how long 15 minutes actually is.

How long is half an hour?

The children give examples of things in their daily lives that take just half an hour.

How long is an hour?

It takes Sabrina an hour to get to work on the train - what can she get done on the journey?
