

Hampshire Planning Tool for Pupils with SEND

Materials for Reading, Writing and Mathematics

The Planning Tool for pupils with SEND has been developed by the HIAS English and mathematics teams, supported by the SEND team, to aid teachers in meeting the learning needs of pupils with Special Educational Needs and Disabilities whose current attainment is well below that of their peers in some, or all, aspects of the curriculum.

The planning tool supports teachers to identify an appropriate starting point and plan aspirational expectations of progress over time. It is intended that the tool is used to create suitably personalised learning for individual pupils with the expectation this is integrated into whole class teaching by removing barriers and enabling participation in the whole class learning.

Following successful use in many schools the materials have been updated to include further guidance on effective teaching strategies and we have now added a **Pre-Y1 to Y1 booklet** to the set.

Individual sets cost **£125 each** or all **three sets @ £360**. The three-set option includes a memory stick with introductory PowerPoint and electronic versions of the sets of materials purchased. If ordering individual sets then we will email your school the electronic version of that topic.

Each set contains four booklets: Pre-Y1 to Y1; Y1; Y2; Y3.

- Set 1 – Reading
- Set 2 – Writing
- Set 3 – Mathematics

***Schools that **have participated** in the **Planning Tool to support pupils with SEN courses** in English and/or mathematics or have received **INSET training**, are being offered the opportunity to purchase the relevant boxed set of updated hard copies of the planning tool documents. (The materials are provided as part of the course as pdf files).

Each set is priced at **£60** (special discount rate) – £180 for all 3 sets
Please state which set(s) you wish to order.

***Different combinations of year groups can be offered, e.g. if you are an Infant School and do not need Y3, and the newly added **Pre-Y1 to Y1 booklet** can be purchased individually to complete already purchased sets. Please email as below for costs.

If you would like to order any of these materials, please complete and submit [this form](#).

For queries, please email mathscentre@hants.gov.uk.
